

Proposition 65 Declaration

California's Proposition 65, known as the Safe Drinking Water and Toxic Enforcement Act of 1986, which protects the state's drinking water sources from being contaminated with chemicals known to cause cancer, birth defects or other reproductive harm. Prop 65 requires the state to maintain and update a list of chemicals known to the state to cause cancer or reproductive toxicity.

Microchip USA does not introduce any materials that change the Prop 65 declaration of a component, nor is MUSA directly involved in the manufacturing, packaging, or handling of any product purchased by you, the customer.

Only the original manufacturer can provide the Prop 65 data of their components. It is the responsibility of the purchaser or end user to obtain Prop 65 compliance information. Microchip USA will not be held responsible for any claims regarding Prop 65 compliance of any given materials.

Microchip USA is an independent distributor, the above statement applies to all parts procured therein.
